Youth 1st Team!**

#### About Us

Established over 80 years ago, Youth 1st is the leading support agency for youth organisations, youth groups, youth workers, volunteers and young people in Fife.

Youth 1st provides services which increase the effectiveness and capacity of our members who engage with young people in the youth work sector in Fife. We support and empower youth workers, volunteers and organisations, leading to strong and resilient community-based youth work, which in turn will improve the life experiences and opportunities of young people.

We have an established membership consisting of a number of youth clubs, groups and organisations from throughout Fife. Most of our member groups are organised and run by volunteers.

Our highly experienced staff team offer support, advice, access to training and events to all our members across Fife. We are a valued Youth Work partner in both the Local and National Voluntary Youth Work Sectors and work closely with our partners in Fife Council, NHS Fife, Fife Voluntary Action and other agencies across Fife.

#### About B:activ

The B:activ project has three main themes, Health Promotion, Young Volunteer development and engaging young people in the Climate Action Fife project.

For us, health promotion is about getting young people more physically active as well as working on exciting projects with organisations such as NHS Fife, Fife Council and Fife Voluntary Action. Delivery of physical activity and games sessions forms a key part of our project and is a great opportunity to make a real difference to the lives of young people.

Another element of B:activ is young volunteer development and is about getting young people more involved in their local community. Whether this is helping out at their local youth club, volunteering at the food bank or building employability skills to help them get a job. This strand of the project involves delivery of fun and engaging sessions such as leadership awards and skills building sessions. It's great to see young people develop during a leadership course and eventually feel confident enough to stand up in front of their peers and deliver a game.
